## **Redondo Power Plant**

The rallying for objection to the Redondo power plant angers me, and it is all around me with militancy!

I am writing to counter some of the mail being solicited by the screamers.

The property in question is private property. The folks who own it have planned to downsize the plant, and make it more efficient.

Sure, I don't like the looks of it at the beach. But, it was built long before most of us lived in the area. We chose to live here even though a power plant existed.

Now these yuppies want to take away the property rights of the owners, and turn this tax producing property into a tax gobbling park.

We don't go to the parks in Redondo except when our little ones are playing a sport. WE GO TO THE BEACH!

Please allow the power plant to go ahead with their plans.

Denise Delurgio
