## **Please Stop the AES Power Plant in Redondo Beach**

Dear Ms. Kelly,

My husband, 2 daughters and I all oppose the continuation of the AES powerplant in Redondo Beach for the following reasons:

- 1) The air pollution is damaging our air quality and creating respiratory disease for residents of both Redondo Beach and Hermosa Beach.
- 2) The powerlines going east from the power plant create electro-magnetic fields that endanger residents who live near them.
- 3) The powerplant and powerlines are lowering property values.
- 4) Our waterfront is ruined with this industrial factory on our coastline,
- 5) The powerplant uses ocean water to create steam and thereby effects the ocean quality.
- 6) The state of California does not need this powerplant for the grid.

Thank you.

Sincerely,

---
