Docket #: 19-BSTD-08 Project Title: Community Shared System Applications

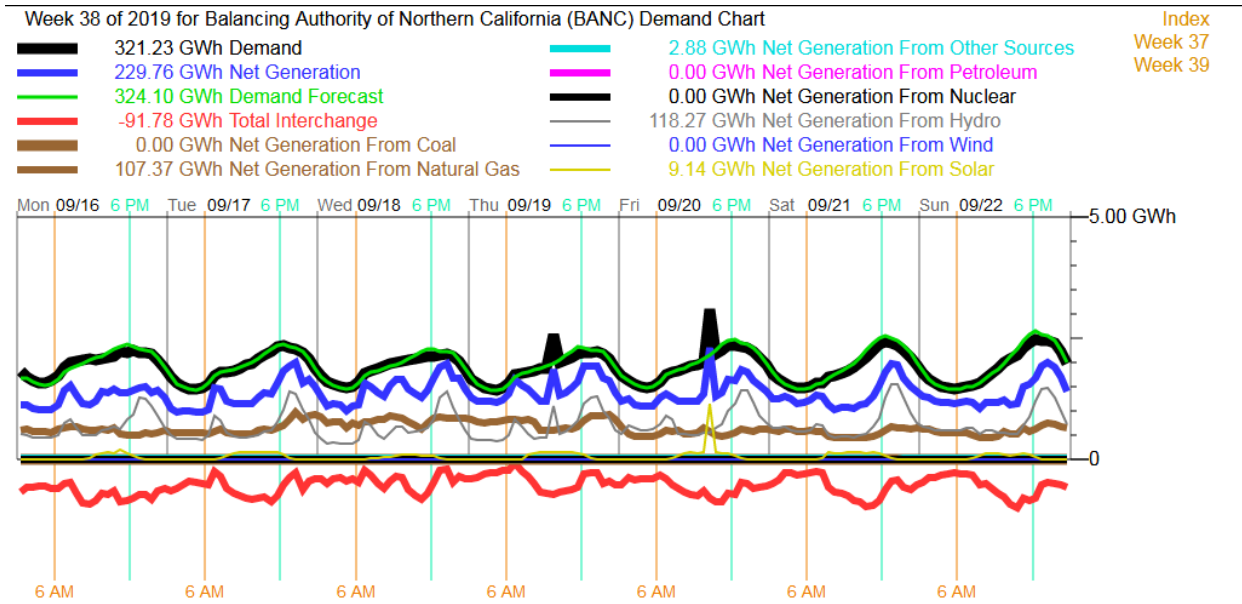

19-BSTD-08, and SACRAMENTO MUNICIPAL UTILITY DISTRICT (SMUD) APPLICATION TO ADMINISTER A COMMUNITY SHARED SOLAR SYSTEM

Please see that the public adviser neutrally and publicly relates to the commission the video as my points I wish the commissioners to consider before they take action on any agenda item to consider TN229833 CEC-36 Agenda Input Form for SMUD's Community Solar Application.

Commissioners please consider the attached video and who is actually paying for SMUD's SolarShares.

Please consider EIA data for BANC and renewable energy.

Perhaps the true path to more renewable energy is one without programs such as SMUD's SolarShares?
