AES - Redondo Beach

Ms. Kelly --

In the strongest possible terms, I urge the California Energy Commission to deny licensure or permitting of any new power plant in Redondo Beach.

Even if a need for greater generation capacity in the area were demonstrated (and it has not been), it would be grossly inappropriate to locate a new plant on the waterfront of the most densely populated section of the entire California coast.

Please deny any permit or license sought by AES.

Thank you for your attention to this matter.

Sincerely,

David Wiggins

Former President

Board of Education

Redondo Beach Unified School District
