Dear Public Advisor Public Advisor,

Please oppose the SMUD staff proposal that will deny thousands of new homeowners and renters the savings and security of rooftop solar and storage, and gut the state "Solar Homes" plan. SMUD's proposal will:

- \* Discourage solar from being installed directly on new homes.
- \* Make it harder for homeowners to add solar and storage later on.
- \* Deny new residents the chance to save hundreds of dollars on their energy bills each year.
- \* Deny new residents the ability to keep the lights on during blackouts.

I'm not sure why SMUD continues to come up with these counter-intuitive proposals which clearly are not pro-customer. SMUD advertises that they are progressive and environmentally responsible, so why keep putting roadblocks in the way of those who would like to do their part for clean energy?

Sincerely,  
Leslie Wang  
Galt, CA 95632
