3. Petitioner is, is not, a member of a group or organization already a party to this proceeding.

4. Petitioner seeks to intervene in this proceeding because [*state grounds for intervening; reason for interest; the extent to which the petitioner desires to participate in the proceeding; and, if Petitioner is a member of a group or organization which is already a party, state why intervening as an individual is necessary*]:

The City of Redondo Beach ("City") is a charter city located in Los Angeles County, and is the local host jurisdiction for the Redondo Beach Energy Project ("RBEP"). The RBEP is located entirely within the City. The RBEP will have a profound impact on health, safety, and welfare of City residents. The City therefore has a strong interest in making sure that all issues related to the RBEP are carefully explored and examined.

In addition, the City is the source of applicable Laws, Ordinances, Regulations, and Standards ("LORS"), which the Commission must take into consideration when evaluating the RBEP. (www.energy.ca.gov/public_adviser/lors_faq.html; 20 CCR § 1744.) The City has unique expertise and authority in interpreting and evaluating conformance with its LORS.

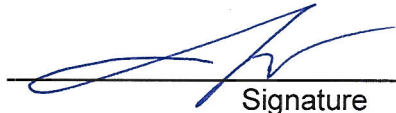

The City has already provided extensive comments with regard to the data adequacy of the RBEP Application for Certification ("AFC"), and intends to participate fully in all aspects of the proceeding.

For the reasons stated above, Petitioner seeks leave to intervene in this proceeding.

5. Petitioner agrees, does not agree that if a document is served upon me via email, an additional paper copy by mail is not necessary.
