Dear Docket Office,

I oppose the SMUD staff proposal that will deny thousands of new homeowners and renters the savings and security of rooftop solar and storage, and gut the state "Solar Homes" plan. SMUD's proposal will:

- \* Discourage solar from being installed directly on new homes.
- \* Make it harder for homeowners to add solar and storage later on.
- \* Deny new residents the chance to save hundreds of dollars on their energy bills each year.
- \* Deny new residents the ability to keep the lights on during blackouts.

Sacramento and especially SMUD, a consumer owned company needs to lbe in the lead for climate change solutions through solar arrays on every new home. It's a no brainer!

Sincerely,  
Deborah Condon
