Notice of October 24, 2019 Webinar for the Central Coast Incentive Project

Additional submitted attachment is included below.

Learn about New Rebates along the Central Coast

The [California Electric Vehicle Infrastructure Project](#) (CALeVIP) is getting ready to launch new rebates for businesses and organizations installing electric vehicle (EV) charging infrastructure at their properties.

Learn about the benefits of bringing EV chargers to your property (commercial, office, apartment, etc.) during our upcoming webinar, *Preparing for CALeVIP Central Coast Launch*. Specialists from the Center for Sustainable Energy, Monterey Bay Community Power and California Energy Commission will provide an overview of the incentive project, site and equipment eligibility and walk through the application process. Following the presentation participants will be able ask questions directly to the panelists.

Thursday, October 24, 2019

10:30 a.m. – 12 p.m. PST

Since the project's launch in 2017, CALeVIP has issued more than \$35 million in four different incentive territories. The Central Coast Incentive Project is presented in partnership with Monterey Bay Community Power and will offer up to \$6,500 per Level 2 connector and up to \$80,000 per DC fast charger for eligible applicants in Monterey, San Benito and Santa Cruz counties.
