RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,  
Carlos Nunez

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California. I have had solar panels on my home for several years and continue to urge my friends and neighbors to follow my example.

Sincerely,  
Carmen Clark

I honestly wish this program was in effect when my townhouse was built. As it is now, the hoops my hoa has for me to go through makes it unrealistic. Having this program in place would avoid future hoops for others down the line.
