California Energy Commission

RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Joel Sokolsky

California Energy Commission

RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

As a homeowner who has generated several megawatt hours carbon-free from the solar on my old house since 2006 (and saved money in the process), I know Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Jed Fuhrman

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

This should only be so if the houses have enough exposure to light. I live in a forest and when I had the solar company come to assess my environment it was not advised for me.

Sincerely,

Joanna Miller
