RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Deborah Holland

Do not allow the requirement to be transferred to large solar "farms" which use up land and move the solar power further from where it is used. Keep energy local.

Thank you.
