California Energy Commission

RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Paula Lamberth

California Energy Commission

RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. The power generated at large solar installations should be used for commercial and residential facilities not suited for rooftop solar. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California. We need to keep moving toward a fossil fuel free future in California.

Sincerely,

Sincerely,
Ann Levine

RE: Docket 19-BSTD-08: California Needs Solar Roofs

null

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Eileen Massey

I voted with my own dollars on this, foregoing vacations for years to install 18 solar panels on my roof. It runs my home's electricity plus macro-miles in town and I am grateful everyday for my solar contribution to a sustainable, livable planet! I think every viable home for a solar roof should have it!.

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Lollie Ragana

California Energy Commission,

Every new roof without solar is a major missed opportunity to lock in pollution-free solar energy. I strongly urge you not to retreat from this important program, and require solar installations on every new rooftop in California.

Sincerely,

Sincerely,
Tina Ann
