**RE: EL SEGUNDO ENERGY CENTER AMENDMENT, (00-AFC-14C)
DATA REQUEST SET 4 (No. 93)**

Dear Mr. Piantka:

Energy Commission staff has reviewed the Petition to Amend (Petition) for the El Segundo Energy Center Amendment and requires additional information to supplement the environmental analysis, pursuant to Title 20, California Code of Regulations, Section 1769(a)(1)(E). The information requested is necessary to more fully understand the project. This data request (No. 93) is being made in the area of: Socioeconomics.

Staff requests that written responses to the enclosed data requests be provided on or before November 22, 2013. If you are unable to provide the information requested, need additional time, or you object to providing the requested information, please send a written notice to both the Siting Committee for the El Segundo Energy Center Amendment and me within 20 days of receipt of this information request. The notification must contain the reasons for not providing the information and the grounds for any objections. Section 1769(f).

If you have any questions, please call me at (916) 654-4781 or email me at craig.hoffman@energy.ca.gov.

Sincerely,

Craig Hoffman
Compliance Project Manager

BACKGROUND: Construction Workforce

Table DRB4-1 in applicant's Data Responses Set 2 pursuant to staff's Data Request 84 presents the El Segundo Power Facility Modification demolition and craft construction workforce by month and by trade type (e.g. boilermakers, carpenters, plumbers). This information is helpful for staff to match up workforce needs with labor supply, as reported by the California Employment Development Department's Projections of Employment by Industry and Occupation. Table DRB4-1 does not specify the contractor staff by craft type or by standard occupation classification code (SOC). This information would assist staff in matching project workforce with available labor supply.

DATA REQUEST

93. Please identify the types of occupations associated with the contractor estimates provided in Table DRB4-1. This should include a description of the work conducted by each craft type of contractor and the identification of an associated SOC code, where applicable.
