BSTD-19-08 SMUD's reply to tax calculations request

Perhaps the Energy Commission should consider requesting the SolarShares related tax calculations to confirm that all taxes payed that are related to SolarShares are returned to the new home owner.

See attached SMUD reply to my record request.

Dear Mr. Uhler:

SMUD now responds to your California Public Records Act request attached hereto. You have requested "the availability of the formulas that calculate all charges, credits, and taxes shown on the mock bills on pages 27 and 28 of attached BSTD-2019-08-TN-0231588-SMUDs Revised Application for SolarShare Program.pdf"

Note that the bill is a Mock bill used for illustrative purposes and does not show actual charges. SMUD has responsive records for the SolarShares portion of the Mock bill (the bottom part), not the rate/taxes portion (the top part). SMUD has endeavored to provide you with the formulas used for the SolarShares portion by reproducing the original document from 2019 which has been written over numerous times. This evidences the calculations and used assumptions as estimates for illustrative purposes.

Please advise if you are unable to access these documents and thank you, Mr. Uhler.
