Docket Number: 19-BSTD-06

BSTD-19-06 a substantial change in the factual circumstances affecting the determination

BSTD-19-06 a substantial change in the factual circumstances affecting the determination

In each of the memorandums for possible approval, the local jurisdiction is informed that their ordinance, once approved by the CEC, will be enforceable during the time that the 2019 Energy Code is effective. If the statewide Energy Code is subsequently revised (as it is regularly on a three-year cycle), the ordinances will no longer be enforceable if the revisions create "a substantial change in the factual circumstances affecting the determination." In such a case, if the local jurisdiction wishes to enforce either these local energy standards or other local energy standards revised in response to the updated statewide Energy Code, the local jurisdiction must submit a new application.

Please identify the law that states "a substantial change in the factual circumstances affecting the determination." as it relates to revisions statewide Energy Code.
