AES Request for Building New Power Plant

Please do not grant AES a permit to build a new power plant. It truly isn't needed as any power it would produce is not needed. That seems quite clear and simple to me as to why the permit should be denied. Since there is no need for the power there's no need for a plant. Please.....just put an end to this sword hanging over our heads once and for all, deny the permit and let everyone move on.

Thank you.
