Subject: **REDONDO BEACH ENERGY PROJECT (12-AFC-03)**  
**STATUS REPORT # 11**

On May 20-21, 2015, staff held a two-day Preliminary Staff Assessment (PSA) Workshop. The PSA comment period ends June 4, 2015. This status report responds to the requirements of the April 16, 2015 Committee scheduling order.

## **Staff PSA Workshop**

During the two-day PSA Workshop, staff discussed Land Use, Biological Resources, Traffic and Transportation, Air Quality, Noise, Visual Resources, Alternatives, Soil and Water, Waste, and Worker Safety and Fire Protection with the applicant, intervenors, agencies, and the public. The city of Redondo Beach made presentations on the issues of noise, air quality/public health, alternatives, and land use.

In order to complete the Final Staff Assessment (FSA), at the Status Conference on April 10, 2015, staff requested the applicant provide its Site Screening and Landscape Concept Plan, Air Quality Cumulative Modeling, and Health Risk Assessment Modeling. To date, staff has not received this information. Staff has requested the Site Screening and Landscape Concept Plan by June 4, 2015.

## **Project Updates**

In the FSA, staff will be addressing the comments provided at the PSA workshop and any written comments.
