NATIONAL ENERGY MANAGEMENT INSTITUTE COMMITTEE

November 13, 2015

Joe Loyer  
Senior Mechanical Engineer  
California Energy Commission  
1516 Ninth Street, MS-26  
Sacramento, CA 95814

Annual Report of the NEMIC Mechanical Acceptance Test Technician Certification Provider to the California Energy Commission for the Period from June 9<sup>th</sup>, 2015 until November 17, 2015

This is the first report of the NEMIC ATTCP to the California Energy Commission covering the subject period. The California Energy Commission unconditionally approved the NEMIC ATTCP on June 9<sup>th</sup> 2015.

During the subject period the NEMIC ATTCP certified 175 Mechanical Acceptance Test Technicians and 69 Mechanical Acceptance Test Employers. Complete listing of the Mechanical Acceptance Test Technicians can be found in [Attachment 1](#) and that of the Mechanical Acceptance Test Employers in [Attachment 2](#). An up-to-date listing can be found on NEMIC ATTCP's website at [www.attcp.org](http://www.attcp.org).

This report certifies that the NEMIC ATTCP has met all requirements for this program as specified in their application as approved by the Energy Commission. No modifications or deviations from the approved application were made.

No administrative actions have been taken by the NEMIC ATTCP to correct problems with Acceptance Test Technician field performance as no complaints have been filed in accordance with Section 2.6 *ATTCP Procedures for Resolution of Complaints* of the NEMIC ATTCP Certification Manual.

At this time the NEMIC ATTCP is unable to provide the CEC with the number of projects and acceptance tests performed by NEMIC ATTCP Mechanical Acceptance Test Employers (MATE). We will poll our certified MATEs and will amend this report with the results at a later date.

Respectfully submitted.

David Bernett  
NEMIC ATTCP Administrator
