Re: Docket Number: 19-HERS-01

Dear Director Bohan,

In response to your letter dated May 5th, 2020 regarding our withdrawal of our name change amendment, we have taken / are taking the following actions in response to Section 1:

- a) References to California Energy Registry, Inc. and Cal Energy have been removed from public facing materials and replaced with ConSol Home Energy Efficiency Rating Services, Inc. (CHEERS).
- b) References to California Energy Registry, Inc. and Cal Energy have been removed from HERS program-related contracts, rater reports, forms, and registry materials and replaced with CHEERS. We are continuing to work on training and other materials where the name swap is not straightforward.
- c) Documentation has been submitted to the California Secretary of State to revise our articles of incorporation back to CHEERS.
- d) Today we notified raters that their documents will be rerun through the report generator within the next 30 days to secure an approved watermark. Any costs associated with recreating or resubmitting these documents will not be responsibility of the rater.
- e) Today, we provided public notification of our name change by sending an email distribution to our registry users.

Sincerely,

Name: Jim Hodgson
