PROJECT TITLE:

Redondo Beach Energy Project (RBEP)

Docket: 12-AFC-03

TECHNICAL AREA(S): Worker Safety/Fire Protection			
Telephone	(310)318-0625	<input type="checkbox"/> Meeting Location: Teleconference	
NAME:	Ellie Townsend-Hough	DATE: 07/23/15	TIME: 4:15 PM.
WITH:	Chief Robert Metzger, Fire Chief Redondo Beach Fire Department		
SUBJECT:	Use of Recycled Water for Fire Protection		

Issue: Staff analyzing Water Resources has recommended that the Redondo Beach Energy Project use recycled water for the process water supply. No changes to the potable water supply or wastewater discharge location is proposed. Portions of the fire water distribution system, process water distribution, and storage system, wastewater discharge systems, and access roads, would use recycle water as needed to support the Redondo Beach Energy Project.

Worker Safety/Fire Protection staff called, Fire Chief Metzger of the Redondo Beach Fire Department, to ask if the fire department would allow the fire fighters to use recycled water, if needed, when fighting a fire.

Chief Metzger stated that there would be no problem with the Redondo Beach Fire Department firefighters using recycled water. He feels that using recycled water for fighting fires is the most responsible thing to do considering the state's current water crisis.
