# **Mechanical Acceptance Test Technician Certification Provider 2019 Updates Review: National Energy Management Institute Committee CEC-400-2020-007**

The *2019 Building Energy Efficiency Standards* (Energy Code) §10-103.2(d)2 requires that approved acceptance test technician certification providers (ATTCPs) submit a 2019 update report to the California Energy Commission (CEC) detailing what adjustments have been made to the training curricula to address adopted updates to the Energy Code. ATTCPs must demonstrate that their acceptance testing certification services will comply with applicable updates to the Energy Code, including the amendment process in §10-103.2(f). Amendments containing any substantive changes must be reviewed and approved under the same process as new ATTCP applications in §10-103.2(e).

CEC staff has evaluated the training curricula adjustments and other application amendments that the National Energy Management Institute Committee (NEMIC) submitted in its 2019 update report for compliance to §10-103.2(c) of the 2019 Energy Code. NEMIC's 2019 update report includes application amendments that make nonsubstantive and substantive changes. Staff has found that NEMIC's update report complies with all applicable requirements in the 2019 Energy Code. Staff recommends that the CEC approve the training curricula adjustments and other application amendments NEMIC is proposing in its 2019 update report.

Section 10-103.2(e)3 of the Energy Code requires the CEC to give all interested persons a copy of staff's evaluation and provide reasonable opportunity for public comment. As such, the CEC is posting a staff report on the review and evaluation of NEMIC's 2019 update report.

The staff report is available on the CEC's [ATTCP update reports](https://ww2.energy.ca.gov/title24/attcp/updates.html) webpage found at <https://ww2.energy.ca.gov/title24/attcp/updates.html>.

## Public Comment

Oral comments will be accepted during the regularly scheduled business meeting on June 10, 2020, when the CEC will consider approving NEMIC's 2019 update report. Comments at the business meeting may be limited to three minutes per speaker. Any comments may become part of the public record in this proceeding.

Written comments should be submitted to the Docket Unit by **5:00 p.m. on June 9, 2020**. Written comments will also be accepted up to and during the aforementioned business meeting; however, the CEC may not have time to review them before the conclusion of the meeting. For additional information, see [Standing Order re: Proceedings and Confidentiality Procedural Requirements for Filing, Service, and Docketing Documents](#) with the CEC found at <https://www.energy.ca.gov/about/divisions-and-offices/chief-counsels-office/docket-unit>.

The CEC encourages comments by email. Please include your name and any organization name. Comments should be in a downloadable, searchable format such as Microsoft® Word (.doc) or Adobe® Acrobat® (.pdf). Please include the docket number 13-ATTCP-01 and indicate Acceptance and Training Certification in the subject line. Send comments to: [docket@energy.ca.gov](mailto:docket@energy.ca.gov).

If you prefer, you may send a paper copy of your comments to:
