RPS-16-03 Contact through the docket

Dear Ms. Natalie Lee,

This should not be difficult, define a few words, identify existing decisional law, and identify voltages when measuring watt-hours for procured electricity products. All inquiries are related to the proposed action.

I am directly contacting you through the docket 16-RPS-03.

I trust that you are on the email distribution list for docket 16-RPS-03.

Did Katharine Larson receive email notice of my inquiries on June 10th, 2020? If so, there has been delay in response when I compare with the Energy Commission's response to my phone notification of my docketed inquiries.

The telephone is not a forum for response to my inquiries.

All of my inquiries require written response.

Please fulfill my records requests in the inquiries I have submitted to the docket 16-RPS-03.

Do so by submitting the Energy Commission's responses for the record for the proceeding 16-RPS-03, pursuant to Title 20 Section 1208.

Looking forward to your prompt written response.

Steve Uhler
