Office of Protected Resources and NMFS PFMC and NMFS Pacific Offshore Take Reduction Team. (formed to mitigate impacts to protected sea life.)

The Pacific Leatherback Conservation Area is located in the call area. It is a turtle protected area And is being ignored in the process! Other significant protection for cetaceans under MMPA. Federal Protection's should apply to all user groups. Displacing one for another is significantly wrong. Especially a sedentary obstruction like windmills, to Highly Migratory Species. Thank you.
