## **RPS-18-02 Deemed for the record, re Title 20 Section 1208**

RPS-18-02 Deemed for the record, re Title 20 Section 1208

Dear Noemi Gallardo, Energy Commission Public Adviser,

Thanks for your efforts to find writings deemed for the record pursuant to Title 20, Section 1208.

Please neutrally and publicly relate my points listed below to the commission pursuant to Title 20, Subdivision 2556(j).

For the California Energy Commission's (CEC) July 8, 2020 Business Meeting, agenda item 6. Renewables Portfolio Standard 2014-2016 Compliance Period 2 Verification Results Report (18-RPS-02).

Please confirm the commissioners have read this docketed comment and my other comments filed in 18-RPS-02.

Please ask the Energy Commission Chair, David Hochschild to clarify if the standard for determining when electricity is a product found in decisional law know as Fong v. Pacific Gas & Elec. Co.(1988) will be used in the adjudication of the Verification Results Report.

If Fong v. Pacific Gas & Elec. Co.(1988) is not used, ask the Energy Commission Chair, David Hochschild to clarify what standard the commissioners are using to define "product" for verifying retail product claims in this state.

As of the writing of this request, it appears you, the public adviser, have not identified what standard the commission is using to define "product" for verifying retail product claims in this state.

Please explain to the commissioners your effort to identify the public records containing the standard for the definition of "product" for verifying retail product claims in this state.

Please tell the commissioners if the commission has a record of considering Fong v. Pacific Gas & Elec. Co.(1988) in the defining "product" for verifying retail product claims in this state for the standard the commission may be using in the adjudication of the Verification Results Report.

Please let the commissioners know that the docket system  
</Lists/DocketLog.aspx?docketnumber=06-IEP-01C>

Please let the commissioners know that many records that should be filed pursuant to Title 20, Section 1208, are now being filed in another filing system that appears to not comply with 1208. See <https://www.energy.ca.gov/filebrowser/download/2232>

Any of my points not publicly related by you during item 6 are to be publicly related by you during item 15 Public Comment.

Steve Uhler
