

DOCKETED

Docket Number:	19-BSTD-03
Project Title:	2022 Energy Code Pre-Rulemaking
TN #:	234678
Document Title:	Notice of Energy Code Staff Workshop
Description:	September 23, 2020 - Webinar re: Proposed 2022 Energy Code Computer Rooms, Compressed Air Systems, and Refrigeration
Filer:	Danuta Drozdowicz
Organization:	California Energy Commission
Submitter Role:	Commission Staff
Submission Date:	9/11/2020 6:03:11 PM
Docketed Date:	9/14/2020

**IN THE MATTER OF:****2022 Energy Code Pre-Rulemaking****Docket No. 19-BSTD-03****WEBINAR RE: Proposed 2022 Energy Code
Computer Rooms, Compressed Air Systems,
and Refrigeration****NOTICE OF STAFF WORKSHOP**

California Energy Commission (CEC) staff will conduct a series of workshops to present and discuss computer room efficiencies, pipe sizing and leak testing for compressed air systems, and refrigeration systems operations for the 2022 update of the California Energy Code (Energy Code). The workshops will be held:

**September 23, 2020
9:00 a.m.**

This workshop will be conducted remotely.
Remote access is available by computer or phone via Zoom
(instructions below).

Agenda

This webinar will discuss proposed updates to computer room efficiencies, pipe sizing and leak testing for compressed air systems, and refrigeration systems operations sections of the 2022 Energy Code and include presentations by staff and opportunities for public comment.

Background

California's Building Standards Code is updated on a regular three-year cycle. The CEC oversees Part 6 of that code, the Energy Code. Staff is evaluating proposed amendments for possible inclusion in the 2022 Energy Code.

For context, the 2019 update to the Energy Code includes new requirements for installation of solar photovoltaic systems in newly constructed low-rise residential buildings, updates to air filtration standards applicable to all buildings, and new provisions specific to healthcare facilities. The 2022 Energy Code will improve upon the 2019 Energy Code by revising and updating energy efficiency standards for newly constructed buildings, and additions and alterations to existing buildings.

The goal of these workshops is to solicit feedback from stakeholders and members of the public before the start of the formal rulemaking process. The next steps following these workshops include drafting of Express Terms of the 2022 Energy Code, followed

by a formal adoption proceeding and public comment period beginning in early 2021. After concluding the public process, the 2022 Energy Code will be published during the first half of 2022, adopted by the CEC and the California Building Standards Commission, and become effective on January 1, 2023. Based on this schedule, the standards will apply to building permit applications submitted on or after January 1, 2023.

Oral Comments

Oral comments will be accepted during the workshops. You may also send concise comments to be relayed by the Public Advisor on your behalf to publicadvisor@energy.ca.gov by 5:00 p.m. the day before the workshop. To ensure that all participants have a chance to speak, comments may be limited to five minutes per speaker and one speaker per organization. All comments will become part of the public record for this proceeding.

Written Comments

Written comments may be submitted at any time prior to the workshop, and by **5:00 p.m. on October 7, 2020**, following the workshop.

Written and oral comments, attachments, and associated contact information, such as address, telephone number, and email address, become part of the viewable public record. This information may also become available via any internet search engine.

The CEC encourages use of its electronic commenting system. Visit the CEC e-commenting system to file a comment to docket number 19-BSTD-03 at this link <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=19-BSTD-03>.

At the "Add Comment" page, enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached in a downloadable, searchable Microsoft® Word (.doc, .docx), Microsoft® Excel, or Adobe® Acrobat® (.pdf) file. Maximum file size is 10 MB.

Written comments may also be submitted by email. Include docket number 19-BSTD-03 and "2022 Energy Code Computer Rooms, Compressed Air Systems, and Refrigeration" in the subject line and send to docket@energy.ca.gov.

If preferred, a paper copy may be submitted to:

California Energy Commission
Docket Unit, MS-4
Docket No. 19-BSTD-03
1516 Ninth Street
Sacramento, CA 95814-5512

All written comments shall comply with the requirements of 20 CCR §1208.1.

Public Advisor and Other Commission Contacts

The CEC's Public Advisor's Office provides the public assistance in participating in CEC proceedings. For information on how to participate in this proceeding, or to request language services or other reasonable accommodations, please contact the public advisor, Noemí O. Gallardo, at publicadvisor@energy.ca.gov, or by phone at (916) 654-4489, or toll free at (800) 822-6228. Requests for language services and reasonable accommodations should be made at least five days in advance. The CEC will work diligently to accommodate late requests.

Direct media inquiries to mediaoffice@energy.ca.gov or (916) 654-4989.

Direct questions on the subject matter of this meeting to Payam Bozorgchami at payam.bozorgchami@energy.ca.gov or (916) 654-4618 or Peter Strait at peter.strait@energy.ca.gov or (916) 654-2817.

Remote Attendance

Zoom is the CEC's online meeting service. When attending remotely, presentations will appear on your device screen and audio may be heard via the device or telephone. Please be aware that the Zoom meeting may be recorded. Zoom technical support is available at <https://support.zoom.us/> and by clicking the meeting link below and using Zoom's chatbot feature located in the lower right corner of the screen.

Join Via Computer: Follow the link below and the instructions on your screen to join the Zoom Meeting.
