Dear Mr. Lee:

Thank you for writing. CARB will plan to appear at the Conference. I have copied the Enforcement Division management chain and attorney Wesley Dyer to keep them in the loop. We will notify you well before 9/23 if anything changes logistically.

Best,
Craig

Craig Segall

Subject: California Energy Commission (CEC): invitation to September 23, 2020 Committee Conference

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Segall:

I am one of the Hearing Officers assigned to the CEC Committee (Committee) designated to conduct proceedings in review of the application for a small power plant exemption (SPPE) for the Great Oaks South Backup Generating Facility (20-SPPE-01). Information about the project may be found on the CEC's [project web page](#).^[1]

The California Air Resources Board (CARB) has expressed interest in contributing to the CEC's review of projects that involve backup generators in the Bay Area.

I write to inform CARB of an opportunity to provide public comment at the Committee's September 23, 2020 Committee Conference for the Great Oaks South Backup Generating Facility. [Here is notice of the event.](#)^[2] We are interested to know whether CARB intends to participate in this proceeding and the extent to which it may have any preliminary concerns or other comments.

We would welcome a response indicating whether CARB will attend. But please note that when responding, do not include substantive information. Note that this email and your response to it will be filed in the docket of the proceeding.

Sincerely,

Ralph Lee
Senior Attorney
