Attend the San Diego County Incentive Project Prelaunch Webinar

Starting October 27, commercial, multifamily and local government-owned properties in San Diego County can apply for new incentives for electric vehicle chargers. The San Diego County Incentive Project will offer up to \$6,000 per Level 2 connector and up to \$80,000 per DC fast charger. Properties serving disadvantaged and low-income communities are eligible for additional savings.

Join panelists from the Center for Sustainable Energy, California Energy Commission, San Diego Association of Governments (SANDAG) and San Diego County Air Pollution Control District (SDAPCD) for our upcoming webinar. We'll cover site and equipment eligibility and walk through the application process. Following the presentation, panelists will host a Q&A session.

San Diego County Incentive Project Prelaunch Webinar

Tuesday, October 6
10 a.m. - 12 p.m. PST
