CEC-70 (Revised 4/2020)

IN THE MATTER OF:

***Electric Vehicle Infrastructure
Project Funding***

Docket No. 20-TRAN-04

NOTICE OF REMOTE-ACCESS WORKSHOP

RE: Staff Workshop on Funding Allocations for
Future Electric Vehicle Infrastructure Projects

Staff Workshop on Funding Allocations for Future Electric Vehicle Infrastructure Projects

California Energy Commission (CEC) staff will host a remote-access workshop to gather stakeholder feedback on possible light-duty electric vehicle (EV) infrastructure projects. The workshop will present CEC funded projects, equity considerations, and proposals for future funding projects. A quorum of commissioners may participate, but no votes will be taken.

The workshop will be held remotely, consistent with Executive Orders N-25-20 and N-29-20 and the recommendations from the California Department of Public Health to encourage physical distancing to slow the spread of COVID-19. The public can participate in the workshop consistent with the direction in these Executive Orders. Instructions for remote participation are below.

**December 17, 2020
9:00 a.m.**

Remote Access Only

Remote access is available via [Zoom](https://zoom.us), <https://zoom.us>.
For details, see "Remote Attendance" below..

Agenda

1. Background
 - a. Assembly Bill 2127 Report Development
 - b. CEC Light-Duty EV Infrastructure Funding
 - c. Equity Strategies
 - d. Block Grant Programs
2. Proposed Future Projects
 - a. Rural Charging
 - b. High Power Charging at Airports
 - c. Advanced Technologies
 - d. Level 1 and Level 2 Charging at Multi-Unit Dwellings

3. Additional Concepts
4. Public Comments

Background

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007), created the Clean Transportation Program. The statute authorizes the CEC to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state’s climate change and clean air goals. Assembly Bill 8 (Perea, Chapter 401, Statutes of 2013) reauthorized the funding program through January 1, 2024.

The 2020 – 2023 Investment Plan allocated \$92.7 million for light-duty electric vehicle (EV) charging infrastructure. The workshop will seek to gather stakeholder feedback on possible EV infrastructure projects which could be funded using funds from the light-duty vehicle allocation. These projects include:

- 1) More access to chargers in rural areas of California.
- 2) Transportation Network Companies (TNC) high power charging to accommodate app-based drivers.
- 3) Programs to support residents who live in multi-unit dwellings such as apartments and condos.
- 4) Further advanced technologies projects such as those proposed with the Built-Environment Electrification Solutions and Form Factors for Fitting Infrastructure to Transportation solicitation.

Public Comment

Oral Comments:

Staff will accept oral comments during the workshop. Public comments may be limited to three minutes or less per speaker and one person per organization. To comment via the online Zoom platform, use the “raise hand” feature so the host can introduce you and unmute your microphone. To comment via the telephone, dial *9 to “raise your hand” and *6 to mute/unmute your phone line.

Written comments.

Written comments must be submitted to the Docket Unit by **5:00 p.m. on January 8, 2021.**

Written and oral comments, attachments, and associated contact information (including address, phone number, email address) will become part of the public record of this proceeding with access available via any Internet search engine.

For this workshop, the CEC encourages use of its electronic commenting system.

Visit the comment page for this [docket](#) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=20-TRAN-04>. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the “Comment Text” box or attached as a downloadable, searchable document in Microsoft® Word (.doc, .docx) or Adobe® Acrobat® (.pdf) file. The maximum file size allowed is 10 MB.

Written comments may also be submitted by email. Include docket number 20-TRAN-04 and “Electric Vehicle Infrastructure Project Funding” in the subject line and email to docket@energy.ca.gov.

Public Advisor and Other Commission Contacts

The CEC’s Public Advisor’s Office provides the public with assistance in participating in CEC proceedings. For information on how to participate in this proceeding, or to request interpreting services or other reasonable accommodations, please contact Public Advisor, Noemí O. Gallardo, at publicadvisor@energy.ca.gov, by phone at (916) 654-4489 or toll free at (800) 822-6228. Requests for interpreting services and reasonable accommodations should be made at least five days in advance. The CEC will work diligently to accommodate late requests.

Zoom: If you experience difficulties with Zoom, please contact the Public Advisor’s Office via email or phone.

Direct media inquiries to the Media and Public Communications Office at mediaoffice@energy.ca.gov or (916) 654-4989.

Direct questions on the subject matter of this meeting to Kyle Corrigan at kyle.corrigan@energy.ca.gov or (916) 654-4732.

Remote Attendance

When attending remotely, presentations will appear on your computer/laptop/mobile device screen, and audio may be heard via the device or telephone. Please be aware that the Zoom meeting will be recorded. Zoom technical support is available at 1-888-799-9666 ext. 2, or you may contact the CEC’s Public Advisor’s Office at publicadvisor@energy.ca.gov, (916) 654-4489, or (800) 822-6228.
