## **support local reach codes**

Commissioners,

I support adoption of these reach codes and urge the commissioners to approve them. It is imperative that action be taken to reduce use of fossil fuels. The greater and faster the reduction, the less severe climate change impacts will be. This is an opportunity for the Commission to do so by building off local leadership and taking electrification further by setting an all-electric baseline for new construction in the 2022 building code.

Thank you,

Ann Dorsey  
Northridge, CA 91325
