**Subject: STATUS REPORT #9 FOR THE SAN JOSE CITY DATA CENTER SMALL POWER PLANT EXEMPTION (19-SPPE-04)**

In its May 12, 2020 order (Committee Scheduling Order), the Committee ordered all parties to file and serve a Status Report on the 15th of each month, beginning with May 15, 2020.

Since staff filed Status Report #8 on November 16, 2020, staff has continued to work on the Environmental Impact Report and the Notice of Preparation of an Environmental Impact Report. Staff anticipates sending out the notice late January/ early February. Staff will also be hosting a public scoping meeting and will notify responsible and trustee agencies, and nearby property owners.

Staff anticipates receiving a City of San Jose Public Works-approved Transportation Analysis report including a detailed evaluation of the project's potential impacts related to vehicle miles traveled, a Transportation Demand Management Plan, and a Local Transportation Analysis from the applicant (associated with Staff's Data Request Set #4). Staff is also awaiting complete responses to Data Requests 60-63 from Staff's Data Requests Set #5.
