**Subject:** RE: Alamitos: Heavy Haul Route Clarification

Hi Christopher,

Per our discussion after the February 11<sup>th</sup> AEC Status Conference regarding the AEC heavy haul route, AES worked with a local heavy haul firm to identify two possible heavy haul routes from the Port to AEC. Both routes avoid Interstate 710. The final route will be determined when the heavy/oversize load permits are submitted to the appropriate jurisdictions. The heavy haul route for loads less than 15 feet tall is provided below.

Harbor Plaza to Pico Avenue  
 Pico Avenue to West 10th Street (10th Street changes to 9th Street)  
 West 10th Street to Santa Fe Avenue  
 Santa Fe Avenue to Pacific Coast Highway  
 Pacific Coast Highway to East 2nd Street  
 East 2nd Street to Studebaker Road  
 Studebaker Road to AEC

For loads 15 feet tall or more, the heavy haul route is provided below. The reason this route deviates from primary heavy haul route is to avoid the overhead obstructions.

Harbor Plaza to Pico Avenue  
 Pico Avenue to West 10th Street (10th Street changes to 9th Street)  
 West 10th Street to Santa Fe Avenue  
 Santa Fe Avenue to Pacific Coast Highway

**CALIFORNIA ENERGY COMMISSION**  
**REPORT OF CONVERSATION Page 2 of 2**

Pacific Coast Highway to Magnolia Avenue  
Magnolia Avenue to West Ocean Boulevard  
West Ocean Boulevard to Alamos Avenue  
Alamos Avenue to Pacific Coast Highway  
Pacific Coast Highway to East 2nd Street  
East 2nd Street to Studebaker Road  
Studebaker Road to AEC

Thanks,

**Jerry Salamy**
