From: **California Energy Commission** Craig Hoffman
1516 Ninth Street Compliance Project Manager
Sacramento, CA 95814-5512

Subject: **EL SEGUNDO ENERGY CENTER PETITION TO AMEND, (00-AFC-14C) TO REPLACE UTILITY BOILER UNITS 3 AND 4 WITH NEW GENERATION UNITS 9, 10, 11 AND 12**

STATUS REPORT 3

On August 28, 2013, the El Segundo Amendment Committee issued a "Scheduling Order" requiring status reports on October 3, 2013, December 3, 2013 and February 25, 2014. Staff has prepared this supplemental status report to provide updates to the El Segundo proceeding since December 3, 2013.

The South Coast Air Quality Management District issued the Preliminary Determination of Compliance (PDOC) on December 24, 2013. Staff has reviewed the PDOC and provided comments to the South Coast Air Quality Management District on January 24, 2014. Staff is incorporating the PDOC into the Preliminary Staff Assessment (PSA).

Energy Commission staff have been working on their technical sections for the PSA. The project owner has been providing clarifications to data requests and providing additional supplemental data responses to address any outstanding concerns or questions. The project owner has additional information for Cultural Resources and Hazardous Materials, that they will be providing the week of January 27, 2014. This information will help eliminate data and information gaps in the PSA for these sections.

Staff has conferred with the project owner and now anticipates publishing the PSA around February 27, 2014 with a PSA workshop around March 18, 19 or 20, 2014, in the City of El Segundo.

As a staffing note, Christine Stora will be taking over the Compliance Project Manager role for the El Segundo Energy Center amendment and will be lead for Commission staff.
