Subject: REMOTE ACCESS ISSUES DURING THE JANUARY 22, 2021 SCHOOL ENERGY EFFICIENCY STIMULUS PROGRAM WORKSHOP

On January 22, 2021, the California Energy Commission (CEC) hosted a remote access workshop to discuss implementation of the School Energy Efficiency Stimulus Program. The Notice of Staff Workshop (TN 236280) was posted to the School Energy Efficiency Stimulus List Serve (20-RENEW-01) on January 12, 2021.

During the workshop CEC staff was made aware that several interested persons were unable to join the 10:00 a.m. morning session on the School Reopening Ventilation and Energy Efficiency Verification and Repair Program, due to attendee limitations set by the remote access platform. CEC staff apologizes for any stakeholder impact associated with this limitation.

To provide all interested parties access to the information provided during the workshop, copies of staff's presentation and a recording of the workshop are available at the event page for the workshop: <https://www.energy.ca.gov/event/workshop/2021-01/session-1-staff-workshop-school-energy-efficiency-stimulus-program-srvevr>.

Staff received a number of written questions and comments during the workshop and will post a summary of the questions with responses to the docket associated with the SEES program (20-RENEW-01).
