**DIGITAL REALTY STATUS REPORT  
NUMBER 2**

---

Digital Realty, in accordance with the Committee Order (TN236110), dated, December 21, 2020, hereby files its Status Report Number 2. Digital Realty will be revising the project description for the Lafayette Backup Generating Facility (LBGF) by proposing Tier 4 compliant emergency generators. Digital Realty has contacted the manufacturer and is compiling the necessary specification sheets and incorporating the engines into the design. Digital Realty has also engaged Atmospheric Dynamics Inc. to perform the air quality and public health modeling analysis for the new engines to support its SPPE Application. Digital Realty anticipates filing the revised project description and modified analysis on or before March 10, 2021.

Dated: February 10, 2021

Respectfully Submitted,

---
