CEC-57 (Revised 1/19)

**NOTICE OF RECEIPT**  
**PETITION FOR POST CERTIFICATION PROJECT CHANGE**  
**ROSEVILLE ENERGY PARK (03-AFC-01C)**

On January 5, 2021, DayZen LLC filed, on behalf of the Roseville Electric Utility the owner of the Roseville Energy Park (REP), a post certification petition with the California Energy Commission (CEC). The 120-megawatt (MW) facility was certified by the CEC in April 2005, and began commercial operation in November 2007. The facility is located on a 12-acre site adjacent to the north side of the Pleasant Grove Waste-Water Treatment Plant in the City of Roseville, Placer County.

**SUMMARY OF PROPOSED CHANGES**

The petition requests the installation and operation of:

- Siemens A+ turbine upgrade package (A+ Turbine Upgrade) to both combustion turbines.
- Piezo-actuated valves for each burner to allow for a more stable combustion process and a more balanced combustion spread (Low Load Turndown).
- A control system upgrade that would enable the existing turbine governor to automatically take corrective actions in case of combustion instabilities in the combustion chamber.

This Notice of Receipt has been mailed to the facility's mail list of interested parties and to property owners of all parcels within 1,000 feet of the facility site. The petition requesting the project change has been docketed and is available on the CEC's webpage for this facility at:

<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=03-AFC-01C>.

**REVIEW PROCESS**

The review process includes an evaluation of whether the change would have a significant effect on the environment, whether the project would continue to comply with applicable laws, ordinances, regulations or standards, and if a change to or deletion of a condition of certification is required.

After staff has completed its independent review and analysis of this petition, staff will publish an assessment for public review and comment. Staff will also provide written notice of its intent to either process the proposed changes as a staff-approved project change or schedule the project change to be heard for consideration by the CEC at a regularly scheduled business meeting.

## **PUBLIC PARTICIPATION**

Any person may comment or file an objection. To use the CEC's electronic commenting feature, go to the CEC's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.

Written comments may also be mailed to:

California Energy Commission  
Docket Unit, MS-4  
Docket No. 03-AFC-01C  
1516 Ninth Street  
Sacramento, CA 95814-5512

All comments and materials filed with the Docket Unit will be added to the facility Docket Log and become publicly accessible on the CEC's webpage for the facility. To receive future filings related to this project, go to the CEC's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.
