Los Cerritos Wetlands Land Trust Motion for Minor Extension on Deadline to
Submit Opening Testimony

We are submitting the statement below as a motion to the Committee.

We are writing to request a minor extension on the due date for submitting Opening Testimony. We request a revision to the schedule published October 15 setting October 19 as the final date for submittal of Opening Testimony. We request an extension until October 21 for submitting Opening Testimony.

The due date of October 19 is extremely difficult and prejudices our ability to fully prepare Opening Testimony. Given that the partial Final Assessment requires an additional evidentiary hearing in the future, and that additional hearing cannot be determined until the South Coast Air Quality Management District completes their review of the project and then Energy Commission staff finalizes the Final Staff Assessment, we do not believe this brief extension prolongs the process nor prejudices the Applicant.

Sincerely,
Elizabeth Lambe
Executive Director
Los Cerritos Wetlands Land Trust
