## **Request for Clarification**

The Notice of Availability and Request for Comments (page 2) on the SRVEVR lists among the updates in the revised Guidelines, "Clarifying the requirement on multiple sources of funding in Chapter 1, Section D." However, the relevant paragraph (D.8 on page 8) in the revised Guidelines appears to be identical to the relevant paragraph on page 13 in the first draft of the Guidelines. Is there a mistake in the Notice or in the revised Guidelines? Thanks for you prompt response, which will inform our comments to be filed on Friday.
