RE: Application for Locally Adopted Natural Gas Infrastructure Prohibition by the City of San José (Ordinance #30502) pursuant to Sections 17922, 17958, 17958.5 and 17958.7 of the California Health and Safety Code.

Dear Mr. Bohan,

After consultation with CEC staff and confirmation by City of San José staff that the City Ordinance #30502 was not intended to amend State Energy Code, nor does it, the City of San José respectfully withdraws its application for review and hearing by the Commission. The CEC was notified as a courtesy, and although the City does not believe the Ordinance involved efficiency standards or conservation design standards, it submitted it to the California Energy Commission (CEC) for any action it deemed necessary.

Sincerely,

Kenneth Davies
Deputy Director, Climate Smart San Jose
City of San José – Environmental Services Department
