Docketed Date:	3/29/2021

OIR-19-01 MIDAS schema, business rules, and access

OIR-19-01 MIDAS schema, business rules, and access

On page 47 of TN237306 Draft Staff Analysis of Potential Amendments to the Load Management Standards (https://efiling.energy.ca.gov/GetDocument.aspx?tn=237306) says:

"MIDAS Rate Database
The CEC has developed the Market Informed Demand Automation Server (MIDAS) Rate Database at http://MIDASTest. The web-based service provides access to time-varying rates in a standard machine-readable format using an application programming interface (API). This
allows device manufacturers and California customers to automatically access customer rate information for use in automating price responsive load shifting."

Please docket schema and business rules for MIDAS.

The URL http://MIDASTest does not provide access to MIDAS, please provide working URL for MIDAS.
