Hi Jeanine,

The original Special Use Permit (File No. SP16-053) included a one-year permit extension (File No. AD19-898). However, this expired on October 24th, 2020.

Kind Regards,
Manuel (Alec) Atienza

[External Email]

Alec, Adam, and Angela:

Can you please tell me the status of the previously approved SUP for the 237 Industrial Center Project (SP16-053)? The City's website at sjpermits.org indicates that the permit was issued on 12/12/2017. The permit states an automatic expiration date of 2 years from and after the date of issuance, which would have occurred on 12/12/2019. Did that permit expire, or was there an adjustment or amendment to extend the permit period?

I appreciate your assistance with my question.

Thank you,
Jeanine
