**This bill is denying our tax paying company who is a CA licensed D-62 contractor the right to participate, we are certified NBC**

Hello,

This bill does not allow our company to participate even though we are a CA licensed / bonded D-62 Air Balance Contractor and tax paying company. We are certified through National Balancing Council (NBC) who is ASHRAE recognized as well as National Comfort Institute. We have ample certifications and knowledge to participate in this program and to contribute to the overall success and efficacy of this program.

I believe that this bill should include all CA licensed and bonded contractors the ability to participate, as well as certified NBC Firms.

I believe that not allowing D-62 contractors and NBC certified firms in is program is not allowing equal opportunities to tax paying bonded CA companies.
