Opposition to Calpine Russell City Energy Center (RCEC) Reopening

Alameda County Airport Land Use Commission staff find the Statement of Staff Approval of Post Certification Change; RCEC (01-AFC-07C) inadequate. The document includes "Traffic and Transportation" on the list of technical areas not affected by the proposed changes; however, given the proximity of the Calpine Russell City Energy Center (RCEC) to the Hayward Executive Airport, potential effects on air traffic in the vicinity need to be considered. To protect the safety of aircraft in the area, we ask that the RCEC not be allowed to operate even in a simple cycle mode until a complete investigation is conducted into the cause of the recent explosion.
