**Subject:** DOCKET # 20-AAER-04

Please excuse my ignorance on this subject. I am Kurt Merrifield the new Quality Manager for Clearwater spas and I do not have very much experience with the CEC regulations. After reading Docket 20-AAER-04 could you tell me if the changes mentioned are still under proposal? And if Not when is the Date that we need to be in compliance? As of now we are in compliance with the ANSI/APSP/ ICC-14 2019 Standards.

Again, please excuse my ignorance on the matter, my background is from the machining industry, and we are regulated by ISO.

Thank you so much for your time.
