Water usage

Please ensure that the Environmental Impact Report for this project fully considers water usage needs for the project, including but not limited to cooling needs. The California Governor has issued EXECUTIVE ORDER N-10-21, declaring a state of emergency due to drought conditions in nine additional counties (Inyo, Marin, Mono, Monterey, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, and Santa Cruz), and directed state agencies to take further actions to bolster drought resilience and prepare for impacts on communities, businesses, and ecosystems.
