Organization:	California Energy Commission
Submitter Role:	Commission Staff
Submission Date:	8/11/2021 2:09:21 PM
Docketed Date:	8/11/2021

CALIFORNIA ENERGY COMMISSION

August 11, 2021

On June 9, 2021, the California Energy Commission (CEC) adopted the [inaugural Assembly Bill 2127 Electric Vehicle Charging Infrastructure Assessment \(Commission Report\)](#). Following Public Resources Code Section 25229 (d), the CEC must update the assessment at least once every two years.

In preparation for the second assessment, via a [request for feedback](#) available online at <https://forms.office.com/g/ungHpbydgT>, staff seeks the following data and input from stakeholders:

- Priority topics for the second assessment
- Areas of improvement to the first assessment
- Published data and analysis
- Emerging transportation trends, segments, and infrastructure strategies

Staff will consider this feedback in scoping the second assessment. Information on the [Electric Vehicle Charging Infrastructure Assessment](#) including prior analyses and comments provided can be found at [Docket 19-AB-2127](#) of the CEC website.
