**NOTICE OF AVAILABILITY
OF THE
PRELIMINARY STAFF ASSESSMENT ERRATA
FOR THE
EL SEGUNDO POWER FACILITY MODIFICATION AMENDMENT
TO THE EL SEGUNDO ENERGY CENTER (00-AFC-14C)**

TO: MEMBERS OF THE PUBLIC

On April 4, 2014, California Energy Commission (Energy Commission) staff published an Errata for Air Quality, Biological Resources, Public Health, and Hazardous Materials Management sections of the El Segundo Energy Center (ESEC) Preliminary Staff Assessment (PSA). In addition, Biological Resources-Appendix-1 Nitrogen Deposition Analysis was added since it was inadvertently not included in the PSA. To allow for adequate review time of these Errata and the newly provided Appendix, staff is extending the review and comment period 30 days from the date of the Errata. Comments on the PSA are now due **May 5, 2014**.

Energy Commission staff is planning to hold a public workshop on April 22, 2014, starting at 10:00am at the First Floor Conference Room, 1440 East Imperial Highway, El Segundo, CA 90425. A Notice of Public Workshop can be found at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=00-AFC-14C>. The workshop will be a forum to discuss the PSA with all stakeholders who are interested. Public comment will also be taken at the workshop.

If you wish to provide comments on the document, please submit comments by going to the Energy Commission's ESEC webpage at: <http://www.energy.ca.gov/sitingcases/elsegundo/> and click on the "Submit e-Comment" link. Please provide your full name, organization (if any), an e-mail address, reference Docket No. 00-AFC-14C, in the subject line, and preferably put your comment in an attached document (.doc, .docx, or .pdf format). After entering characters to ensure that responses are generated by a human user and not a computer, click on the "Agree & Submit Your Comment" button, to submit the comment to the Energy Commission Dockets Unit. If you wish to mail written comments on the project amendment, please submit them to the Energy Commission Dockets Unit and include the docket number 00-AFC-14C for the ESEC in the subject line or first paragraph of your comments, and mail or hand-deliver them to:

California Energy Commission
Dockets Unit, MS-4
1516 Ninth Street
Sacramento, CA 95814-5512

All written comments and materials filed with the Dockets Unit will become a part of the public record of the proceeding. Additionally, comments will be posted on the ESEC webpage of the Energy Commission's website.

List Serve

If you would like to be notified of upcoming workshops or other documents being docketed for this project you can subscribe to the List Serve for this project by going to <http://www.energy.ca.gov/listservers/index.html> and entering your first and last name, e-mail address and selecting "elsegundo (EI Segundo Re-Power Project, & Amendment Project)" located under the heading Certified Projects.

Energy Commission Licensing Authority

The Energy Commission is responsible for reviewing and ultimately approving or denying all applications for construction and operation of thermal electric power plants, 50 megawatts (MW) and greater, proposed for construction in California. The Energy Commission's facility certification process carefully examines public health and safety, environmental impacts and engineering aspects of proposed power plants and all related facilities, such as electric transmission lines and natural gas and water pipelines. The Energy Commission is the lead agency under the California Environmental Quality Act (CEQA) and through its certified regulatory program produces Preliminary and Final Staff Assessments (FSAs) rather than Draft and Final Environmental Impact Reports.

Summary of the EI Segundo Energy Center Petition to Amend

The ESEC site is located at the southernmost city limit of the City of El Segundo on the coast of the Pacific Ocean, between Dockweiler State Beach and the City of Manhattan Beach, in Los Angeles County, California.

The ESEC project owner proposes to replace utility boiler Units 3 and 4 at the ESEC with one new combined-cycle generator (Unit 9), one new steam turbine generator (Unit 10), and two new simple-cycle gas turbines (Units 11 and 12), totaling 449 megawatts (MW). The amendment, also known as the EI Segundo Power Facility Modification (ESPFM) or the ESEC amendment, proposes the demolition of Units 3 and 4, to be replaced with Units 9, 10, 11, and 12, and the replacement of a once-through seawater cooling system with dry-cooling technology.

Summary of Energy Commission Staff's Preliminary Conclusions

Based upon the information provided, discovery achieved and analyses completed to date, Summary Table-1 on the following page illustrates Energy Commission staff's preliminary assessment of the Petition to Amend. Please review the PSA for a detailed discussion of the significance of staff's conclusions. These preliminary conclusions are subject to change in the FSA depending upon additional information and comments received.

**Summary Table 1
Environmental and Engineering Assessment**

Technical Area	Complies with LORS	Impacts Mitigated	Additional Information Required
Air Quality/Greenhouse gases	Yes	Yes	No

*Staff's analysis of the proposed amendment is presently inconclusive for Cultural Resources. Insufficient data was available to staff at the time the PSA was prepared to conduct a reliable analysis of potential impacts on archaeological resources. Currently staff is reviewing additional information provided by the petitioner and has yet to determine if all information is complete.

Availability Of The Preliminary Staff Assessment

A copy of the PSA and Errata is available on the project web site at:
<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=00-AFC-14C>

Copies of the PSA and Errata have also been sent to those public agencies that would normally have jurisdiction except for the Energy Commission's exclusive authority to certify sites and related facilities.

Copies of the PSA Errata are also available at the Energy Commission's Library in Sacramento, the California State Library in Sacramento, and at public libraries in Eureka, Fresno, San Francisco, Los Angeles, and San Diego. Additionally, copies of the PSA and the PSA Errata were mailed to the following public libraries:

El Segundo Public Library 111 W. Mariposa Ave, El Segundo, CA 90245
Manhattan Beach Library 1320 Highland Ave., Manhattan Beach, CA 90266
Inglewood Public Library 11141 S. Crenshaw Blvd., Inglewood, CA 90303
