**Notice for the Southern California Level 2 Incentive Project Public Workshop**

*Additional submitted attachment is included below.*

## **Southern California Level 2 Incentive Project Public Workshop**

Tuesday, September 21  
10 a.m. – 11:30 a.m. PT

New incentives to install Level 2 electric vehicle chargers are coming to Los Angeles, Orange, Riverside and San Bernardino counties in 2022. Join panelists from the Center for Sustainable Energy and the California Energy Commission for a public workshop where team members will give an overview of the upcoming project and its new requirements. The team is requesting your feedback on these proposed requirement changes to help shape the upcoming project.

In the virtual public workshop, you will be able to provide feedback on each requirement with polls throughout the presentation, a Q&A session and a post-workshop survey. Comments will also be collected through the CEC docket.
