Subject: Conforming Changes

Hearing Officer Celli,

We have just discovered two minor edits that should be made to conform a Finding of Fact and supporting language to Condition language.

Finding of Fact 18 in the Soil & Water Resources section should refer to the “start of commercial operations” instead of “beginning construction” to conform to the language in SOIL&WATER-4, as follows:

18. Condition of Certification SOIL&WATER-4, requires the Applicant to obtain an industrial permit for project operation from the Los Angeles Regional Water Quality Control Board, prior to ~~beginning construction~~ the start of commercial operations. (Soil & Water Resources, p. 7.2-21.)

The same change should be made in the supporting text as follows:

Condition of Certification SOIL&WATER-4 requires the Applicant to obtain an industrial permit for project operation from the LARWQCB, prior to ~~beginning construction~~ the start of commercial operations. (Soil & Water Resources, p. 7.2-8.)

Thank you for your attention to these conforming corrections.

A copy of this email will be e-filed with the Docket Unit and served on the Alamos Energy Center service list.

Jeffery D. Harris
