Re: Hydrostor Morro Bay Project, San Luis Obispo County

Dear Mr. Merrick:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information submitted for the above referenced project. The results were positive. Please contact the Salinan Tribe of Monterey, San Luis Obispo Counties and the San Luis Obispo County Chumash Council on the attached list for information. Please note that tribes do not always record their sacred sites in the SLF, nor are they required to do so. A SLF search is not a substitute for consultation with tribes that are traditionally and culturally affiliated with a project's geographic area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites, such as the appropriate regional California Historical Research Information System (CHRIS) archaeological Information Center for the presence of recorded archaeological sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. Please contact all of those listed; if they cannot supply information, they may recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our lists contain current information.

If you have any questions or need additional information, please contact me at my email address: Andrew.Green@nahc.ca.gov.

Sincerely,

Andrew Green
Cultural Resources Analyst

APPENDIX 5.3C

Resumes of Key Staff

Ken Victorino, RPA

Senior Archaeologist

Mr. Victorino has 24 years of professional experience in cultural resources management and extensive experience in all aspects of fieldwork, laboratory analysis, and report preparation. He has been an author, project manager, field supervisor, and laboratory supervisor for Phase 1 archaeological surveys, extended Phase 1 testing programs, Phase 2 significance evaluations, Phase 3 data recovery mitigation programs, and archaeological monitoring at prehistoric and historic archaeological sites in coastal, foothill, and desert regions of southern and central California; on San Clemente Island; and in northwestern Arizona. He has supervised cultural resources projects in accordance with state and federal regulations, such as the California Environmental Quality Act (CEQA), the National Environmental Policy Act (NEPA), and Section 106 of the National Historic Preservation Act (NHPA). He contributes to environmental assessments (EAs), initial studies (ISs), environmental impact statements (Environmental Impact Statements), environmental impact reports (EIRs) and mitigated negative declarations (MNDs). He was certified by the Register of Professional Archaeologists in 1997. Mr. Victorino prepares cultural resources management technical reports covering initial assessment, significance determination, and mitigation phases. He contributes to CEQA and NEPA documents as well as studies relating to the protection of historic properties (Section 106 of NHPA). Mr. Victorino prepares proposals and develops budgets, conducts and supervises surveys and excavations and laboratory analyses, consults with Native Americans, and writes draft and final documents.

SELECT PROJECT EXPERIENCE

Senior Principal Investigator, Santa Clarita Valley Water Agency – Well 205 Groundwater Treatment Facility Project Initial Study-Mitigated Negative Declaration, Los Angeles County

Mr. Victorino oversaw and managed preparation of Cultural Resources Assessment, and Cultural Resources and Tribal Cultural Resources sections for the Initial Study-Mitigated Negative Declaration consistent with CEQA.

Senior Principal Investigator, Santa Clarita Valley Water Agency – Phase 2B Recycled Water Tank Project Supplemental Initial Study-Mitigated Negative Declaration, Los Angeles County

Mr. Victorino oversaw and managed preparation of Cultural Resources Assessment, and Cultural Resources and Tribal Cultural Resources sections for the Initial Study-Mitigated Negative Declaration consistent with CEQA.

Senior Archeologist, Bureau of Land Management – Jarbidge Class III Cultural Resources Inventory and National Historic Preservation Act Section 110 Documentation, Elko County

Mr. Victorino prepared Section 110 compliance documentation for a Class III Inventory of 710 acres in the Jarbidge Foothills, Elko County, Nevada.

Senior Archaeologist, U.S. Air Force Civil Engineering Command – Defense Fuel Support Point Ozol Demolition Project Archaeological Survey Report and National Historic Preservation Act Section 106 Documentation, Contra Costa County

Mr. Victorino prepared Section 106 compliance documentation for dismantling, removing, and abandoning facilities associated with Defense Fuel Support Point Ozol.

Senior Archaeologist, Atlantic Richfield Company – National Historic Preservation Act Section 106 Documentation for Various Projects, California and Nevada

Mr. Victorino supported preparation of Section 106 compliance documentation including Cultural Resources Management Plan and Historic Context and Mine Operations Overview for remediation activities at a copper mine site in Yerington, Lyon County, Nevada. He also supported preparation of Section 106 compliance documentation for remedial investigation and feasibility study activities associated with a mine site in Alpine County, California and Douglas County, Nevada.

Senior Archaeologist, United States Coast Guard – Maintenance Dredging Project Archaeological Survey Reports and National Historic Preservation Act Section 106 Documentation, San Diego and Mendocino Counties

Mr. Victorino prepared Section 106 compliance documentation for maintenance dredging at United States Coast Guard Stations at Ballast Point, Naval Base Point Loma, San Diego Bay, and Noyo River.

Senior Archaeologist, Federal Highway Administration/Central Federal Lands Highway Division – Donner Pass Road Improvements, Nevada and Placer Counties

Mr. Victorino supported preparation of Section 106 compliance documentation for the Donner Pass Road Improvements Project, Nevada and Placer Counties, California.

Senior Archaeologist, Bureau of Land Management/California State Office – Hazard Removal and Vegetation Management Project Class I Existing Information Inventory, Central and Northern California

Mr. Victorino supported the preparation of Class I archaeological inventory for the Cultural and Paleontological Resources Overview and Existing Information Summary, Hazard Removal and Vegetation Management Project. Inventory included review of existing reports and recorded sites throughout 551,133 acres in Field Offices in central and northern California to identify high and low areas of potential site sensitivity. Mr. Victorino prepared a cultural resource typology for over 3,000 prehistoric and historic-period archaeological sites within the study area.

Senior Archaeologist, Carpinteria Sanitary District – Rincon Point Septic to Sewer Phase 2 Significance Assessment and Phase 3 Data Recovery and Construction Monitoring, Santa Barbara County

Mr. Victorino conducted investigations at the coastal Chumash ethnohistoric village of Shuku.

Senior Archaeologist, Sares Regis Group – Cabrillo Business Park Phase 3 Data Recovery and Construction Monitoring, Santa Barbara County

Mr. Victorino conducted investigations at two extensive coastal Chumash villages inhabited during the Early - Middle Period (5,000+ years old) in present day city of Goleta.

Senior Archaeologist, Lotus Water – Orange Memorial Park Water Capture Project Phase 1 Survey and Extended Phase 1 Archaeological Excavation, San Francisco County

Mr. Victorino managed investigation involving an intensive, pedestrian ground surface survey and excavation of 14 solid core geoprobes to depths between 3 and 4 meters below surface.

Senior Archaeologist, Patterson & Dewar Engineers, Inc. – Cox Communications Facilities Supplemental Extended Phase 1 Archaeological Investigation, Santa Barbara County

Mr. Victorino managed excavation of 14 solid core geoprobes at historic Chumash village; geoprobes hydraulically driven to depths between 2.5 and 3.0 meters below surface.

Senior Archaeologist, Various Clients – Various Projects, Santa Barbara County

Mr. Victorino managed an archaeological crew and Native American representative during Extended Phase 1 testing programs including: 151 South Fairview Avenue, 130 Robin Hill Road, Fire Station No. 10, Kellogg- Ekwil Old Town Goleta Village, South La Patera Lane Sidewalk Improvements, Ellwood Well Abandonment, 93 South La Patera Lane. He also managed archaeological staff and Native American representative during monitoring projects including: Village at Los Carneros, 6300 Hollister Avenue, 93 South La Patera Lane, Goleta Valley Professional Building, Haskells Landing, Willow Springs II, Trisep.

Senior Archaeologist, United States Navy – Various Projects, Various Counties, California

Mr. Victorino prepared the cultural resources section for an Environmental Impact Statement to evaluate various basing alternatives related to the introduction of MV-22 aircraft; assisted with the management of National Register

eligibility evaluations of prehistoric sites CA-SDI-10007 and CA-SDI-14502 in the Papa Three Training Area of Marine Corps Base Camp Pendleton, in compliance with Section 106 of the NHPA; managed five- person crew during National Register of Historic Places eligibility evaluations of sites CA-SBR-9067 and CA-SBR-9573 in the Noble Pass Training Area and sites CA-SBR-8965, CA-SBR-9003, CA-SBR- 9005, CA-SBR-9006, CA-SBR- 9007, and CA-SBR-9010 in the Sand Hill and Gypsum Ridge Training Areas of Marine Corps Air Ground Combat Center Twentynine Palms; directed eight- person crew during archaeological survey of approximately 1,500 acres for Marine Corps Air Ground Combat Center Twentynine Palms for the Assault Breacher Vehicle; assisted in preparation of condition assessment, site monitoring, and treatment plan for Marine Corps Base Camp Pendleton; conducted Phase 1 survey and impact assessment for the Base Realignment and Closure Palos Verdes and San Pedro Housing.

Senior Archaeologist, United States Forest Service, Santa Barbara Ranger District – First River Crossing Project, Santa Barbara County

Mr. Victorino supervised a four-person crew and Native American observer during subsurface archaeological investigation to assist Forest Archaeologist in determining the significance and National Register of Historic Places eligibility of FS 54-643 for the First River Crossing Project in the Los Padres National Forest; directed Emergency Relief- Federally Owned road surveys.

Senior Archaeologist, Federal Highway Administration – Road Improvements, Various Counties, California

Mr. Victorino conducted a Phase 1 archaeological investigation along California Forest Highway 119/Quincy- Oroville Road and California Forest Highway 177/Beckwourth-Clover Valley Road, in Plumas County and conducted Phase 1 archaeological investigation along California Forest Highway 95/Mount Pinos Road, in Ventura and Kern Counties.

Christopher A. Duran

PRINCIPAL/SENIOR ARCHAEOLOGIST

Chris Duran serves as a Principal and Senior Archaeologist for Rincon Consultants in the Central Coast region. Mr. Duran has more than 13 years of professional experience in cultural resources management and has worked extensively in San Luis Obispo County and the surrounding areas. Mr. Duran has conducted numerous cultural resources investigations in support of CEQA and Section 106 of the National Historic Preservation Act along the Central Coast and has worked with multiple tribes in the region. Mr. Duran also has extensive recent experience with local tribes concerning the mitigation of cultural resources identified during field investigations and has authored a variety of cultural resources studies including: archaeological surveys, archaeological testing and eligibility evaluation, data recovery, mitigation monitoring plans and reports, and peer reviews throughout southern California. Mr. Duran has also worked on multiple burial sites within Chumash territory and has experience facilitating consultation for the recovery and treatment of human remains with various Chumash. Rincon has also developed working relationships with the Northern Chumash Tribal Council and the yak titu titu yak tilhini tribe of the Northern Chumash people. Mr. Duran's project experience in the San Luis Obispo County area include infrastructure improvements, commercial developments, cannabis permitting, and water conveyance projects.

PROJECT EXPERIENCE

- Principal Investigator, Templeton to Atascadero Connector Project, San Luis Obispo County, California. The project included a cultural resources investigation with Caltrans oversight for the installation of a bicycle trail between the communities of Templeton and Atascadero. The study included Native American consultation that resulted in the identification of a subsurface resource identified during testing as a direct result of consultation efforts. Mr. Duran served as the Principal Investigator developing the survey strategy for the project and providing quality control. Mr. Duran also consulted with Caltrans District 5 concerning a following Extended Phase I study for the project based on resources previously recorded in proximity to the project area of potential effects.
- Principal Investigator, California Valley Solar Ranch Monitoring, San Luis Obispo County, California. The project included a cultural resources monitoring effort for a solar farm development in eastern San Luis Obispo County. Rincon also coordinated with local Chumash monitors to provide both archaeological and Native American monitoring services.
- Principal Investigator, South San Luis Obispo County Sanitation District Wastewater Treatment Facility Redundancy Project. Mr. Duran led the cultural resources investigation through multiple San Luis Obispo area jurisdictions, including the City of Pismo Beach as lead agency. Mr. Duran led the archaeological survey, reporting, and Native American consultation efforts.

SELECTED PROJECT EXPERIENCE, CONT'D

- Principal Investigator, Phase I Archaeological Study for the Property at 3720 Broad Street, San Luis Obispo, California
- Principal Investigator: City of San Luis Obispo Waste Water Recovery Facility Project, San Luis Obispo County, California
- Principal Investigator, San Miguel Community Plan Environmental Impact Report, San Luis Obispo County
- Principal Investigator, City of Seaside General Plan EIR and Cultural Resources Programmatic Assessment, City of Seaside, CA
- City of Monterey PEA for the Final Integrated Water Sustainability Concept Plan for the Presidio of Monterey, Monterey, CA
- Principal Investigator, City of Monterey Storm Drainage System Maintenance Project, Monterey, CA
- Principal Investigator, Black Road/SR 166 Interchange Improvement Project Cultural Resources Investigation, Santa Barbara County, CA.
- Principal Investigator, 5665-5589 Campbell Road Cannabis Permitting Cultural Resources Study, Santa Barbara County, California
- Principal Investigator, Domingos Road Cannabis Permitting Cultural Resources Study, Santa Barbara County, California
- Principal Investigator, Highway 246 Cannabis Permitting Cultural Resources Study, Santa Barbara County, California
- Principal Investigator, Drum Canyon Cannabis Permitting Cultural Resources Study, Santa Barbara County, California
- Principal-in-Charge, UCSB Edible Farm Cultural Resources Monitoring, Santa Barbara County, California
- Principal Investigator, Hope Ranch Cultural Resources Monitoring and Human Remains Treatment Project, Santa Barbara County, California
- Principal Investigator, Guadalupe Intersection Improvement Project Cultural Resources Investigation, Santa Barbara County, California.
- Principal Investigator, Paradise Cove Heritage Recovery Project, City of Malibu, Los Angeles County, California.
- Principal Investigator, San Joaquin Valley Habitat Conservation Plan Environmental Assessment, Santa Barbara County, San Luis Obispo County, Ventura County, Los Angeles County, Kern County, and Kings County, CA.
- Principal Investigator, Faith Lutheran Church Phase I Archaeological Survey, City of Carpinteria, California
- Principal Investigator Piru Spreading Grounds 2.5 MW Solar Project, Piru, Ventura County, California.
- Gold Coast Transit Oxnard Transportation Facility Cultural Resources Monitoring Project, City of Oxnard, CA
- Principal Investigator, Phase I Archaeological Study for a 6-Home Development, City of Carpinteria, California
- Project Manager: Lemonwood elementary School Reconstruction Phase I Cultural Resources Investigation, City of Oxnard, Ventura County, California
- Project Manager, Line 122 Storage Facility Cultural Resources Monitoring Project, Santa Barbara County, California.
- Principal Investigator, Santa Barbara Desalinization Plan Reactivation Cultural Resources Monitoring, Santa Barbara, California.
- Principal Investigator, Lompoc Gardens Cultural Resources Monitoring, City of Lompoc, California.
- Principal Investigator, Phase I Archaeological Resources Report for 220 West Gutierrez Street Project, City of Santa Barbara, California

Mary F. Pfeiffer

ARCHAEOLOGIST AND FIELD DIRECTOR

Mary Pfeiffer is an Archaeologist at Rincon Consultants, Inc. Ms. Pfeiffer has more than five years of professional experience in California archaeology, spanning from the southern and central coast to the Mojave Desert, Sierra Nevada Mountain Range, and southern Great Basin regions. Ms. Pfeiffer's experience working in these areas includes but is not limited to: approximately 11,000 acres of Phase 1 archaeological surveys, location and recordation of over 400 prehistoric and historic-period archaeological sites and isolates, preparation of Department of Parks and Recreation (DPR) 523 series forms, Extended Phase 1 testing programs and Phase 2 significance evaluations.

Ms. Pfeiffer has experience working in compliance with Section 106 of the National Historic Preservation Act, the National Environmental Policy Act, and the California Environmental Quality Act. Ms. Pfeiffer has authored Environmental Impact Reports and Initial Study-Mitigated Negative Declarations, cultural resource assessments, technical memorandums, and categorical exemptions. Ms. Pfeiffer is skilled in Assembly Bill 52 and Senate Bill 18 consultation processes. Ms. Pfeiffer has spent more than five years promoting education and outreach that highlight the importance of cultural resource preservation.

DETAILED PROJECT EXPERIENCE

Archaeological Field Technician, Western Mojave Route Inventory Network (WEMO), Kern and San Bernardino Counties, CA (09/2016 – 06/2017)

Ms. Pfeiffer participated in archaeological pedestrian surveys of over 5,000 acres of land maintained by the Bureau of Land Management in the western Mojave/southern Great Basin, resulting in the location and recordation of over 200 historic and prehistoric sites and isolates. DPR 523 forms for newly recorded sites were prepared and geographic data analyzed to prepare associated location, sketch, and inventory maps. Ms. Pfeiffer conducted in-house records searches for previously recorded archaeological resources, updated previously recorded sites, and provided condition assessments.

Archaeological Crew Chief, Western Mojave Route Inventory Network (WEMO), Kern and San Bernardino Counties, CA (07/2017 – 08/2018)

Ms. Pfeiffer planned, prepared, and led archaeological pedestrian surveys of over 5,000 acres of land maintained by the Bureau of Land Management in the western Mojave/southern Great Basin, resulting in the location and recordation of 180 historic and prehistoric sites and isolates. She provided condition assessments and prepared formal annual and inventory reports in accordance with standards set by the Department of the Interior and the National Historic Preservation Act. Ms. Pfeiffer was responsible for field technician training and oversight, which included pedestrian survey, recordation techniques, ArcGIS map creation, DPR 523 forms, literature reviews, formal report writing, Phase 2 archaeological testing and significant evaluations. Ms. Pfeiffer conducted daily pre- and post-processing of field data, created cultural resource training guides, workflows, and implemented new data

- Archaeologist, Southern California Gas Company – Pipeline Safety Enhancement Plan L128 Hydrotest and Replacement Project, Goleta, California (12/2020 - 03/2021)
- Archaeologist, Andrew Goodwin Designs – Conejo Community Park and Center Project, Thousand Oaks, California (02/2021)
- Archaeologist, Southern California Gas Company (SoCalGas) – SoCalGas Pipeline Safety Enhancement Plan Ortega Hill Project, Summerland, California (02/2021)
- Archaeologist, City of Calabasas – City of Calabasas General Plan Update and Environmental Impact Report Project, Calabasas, California (01/2021)
- Archaeologist, Warmington Residential Group – Warmington Residential Project and Gateway Church Sanctuary Project, Agoura Hills, California (12/2020)
- Archaeologist, City of Santa Paula – Santa Paula Water Recycling Facility Advanced Treatment Systems Project, Ventura County, California (12/2020)
- Archaeologist, City of Ventura – Foster Park Fish Passage Improvement Project, Unincorporated Ventura County, California (11/2020)
- Archaeologist, Many Mansions – Rancho Sierra Apartments Project, Unincorporated Ventura County, California (10/2020)
- Archaeologist, Many Mansions – Central Terrace Apartments Project, Oxnard, California (12/2020)
- Archaeologist, Stantec Consulting Services, Inc. – Laguna Channel Pump Station Project, Santa Barbara, California (10/2020)
- Archaeologist, City of Santa Barbara and California Department of Transportation, District 5 – Carpinteria Street at Sycamore Creek Bridge Replacement Project, Santa Barbara, California (10/2020)
- Archaeologist, Santa Ana-Riverside Avenue Project, Rialto, California (08/2020)

- Archaeologist, Crown Pointe Estates at Malibu, LLC – Lot #11, Tract #4483 - MariSol at Malibu Project, Malibu, California (08/2020)
- Archaeologist, City of La Verne – Amherst Residential Development Project, La Verne, California (07/2020)
- Paleontologist, City of San Luis Obispo – San Luis Obispo Water Resource Recovery Facility Project, San Luis Obispo, California (07/2020)
- Archaeologist, Kitchell CEM – San Luis Obispo Regional Transit Authority Bus Maintenance Facility, San Luis Obispo, California (07/2020)
- Archaeologist, Bureau of Land Management and County of Riverside – ATHOS Solar, Desert Center, California (01/2020 – 02/2021)
- Archaeologist, City of Corona Department of Water and Power – WRF-3 Lift Station IS-MND, Corona, California (07/2020)
- Archaeologist, The Malibu Club – Malibu Golf Club Project, Malibu, California (07/2020)
- Archaeologist, Southern California Gas Company – Class III Cultural Resources Inventory of ETS 38146: Southern California Gas Lines 8105 & 8106 MP 13.47 Cathodic Protection Well Project (BLM), Cuyama, California (06/2020)
- Archaeologist, Goleta Energy Storage, LLC – Cortona Drive Energy Storage Facility Project, Goleta, California (06/2020 and 06/2021)
- Archaeologist, City of Ventura – Harbor Boulevard Sewer Pipeline Improvements Project Initial-Study Mitigated Negative Declaration, Ventura, California (06/2020)
- Archaeologist, Cadence Environmental Consultants – Camarillo Springs Golf Course Development Project, Camarillo, California (06/2020)
- Archaeologist, City of Laguna Beach – Laguna Beach Civic Site Project, Laguna Beach, California (06/2020)
- Archaeologist, RRM Design Group – 29760 Agoura Road Office Building Project, Agoura Hills, California (06/2020)
- Archaeologist, Water Works Engineers – California Water Olmsted Creek Project, Palos Verdes Estates, California (06/2020)
- Archaeologist, Beyond Food Mart, Inc. – 6th Street and Pennsylvania Gas Station and Convenience Store Project, Beaumont, California (05/2020)
- Archaeologist, MNS Engineers, Inc. – Nipomo Community Services District Waterline Intertie Phase II Project, San Luis Obispo County, California (04/2020)
- Archaeologist, County of Ventura Resources Management Agency Planning Division – Somis Ranch Farmworker Housing Complex Project, Camarillo, California (04/2020)
- Archaeologist, City of Ventura Fleet and Facilities Department – Ventura Pier Five-Year Maintenance Plan, Ventura, California (03/2020)
- Archaeologist, Wildan Engineering – Roseton Mixed-Use Development Project, Artesia, California (02/2020)
- Archaeologist, Cabrillo Economic Development Corporation – Village Senior Apartments Project, Buellton, California (02/2020 and 05/2019)

- Archaeologist, County of Santa Barbara Planning and Development Department – Orcutt Community Plan Amendment Project, Orcutt, California (02/2020)
- Archaeologist, City of Goleta and California Department of Transportation, District 5 – Hollister Avenue Bridge Replacement Project, Goleta, California (02/2020)
- Archaeologist, Rothbart Development Corporation – 2161 North Rose Avenue Project, Oxnard, California (02/2020)
- Archaeologist, GPA Consulting and California Department of Transportation, District 7 – Pleasant Valley Road Bike Path Project, Camarillo, California (02/2020)
- Archaeologist, City of Corona Department of Water and Power – Water Reclamation Facility No. 3 Lift Station IS-MND, Corona, California (01/2020)
- Archaeologist, City of Goleta Public Works Department – Goleta Train Depot Project EIR, Goleta, California (01/2020)
- Archaeologist, Eden Housing – 425 Auzerais Apartments Project, San Jose, California (01/2020)
- Archaeologist, Pacific Gas and Electric (PG&E) – PG&E Red Hill Road Project, Los Padres National Forest, California (12/2019)
- Archaeologist, 499 Forbes Boulevard Project EIR, South San Francisco, California (12/2019)
- Archaeologist and Project Manager, Laura Jewett – 4240 Grand Avenue Project, Ojai, California (11/2019)
- Archaeologist, Pacific Gas and Electric – Tassajara Creek Crossing Rehabilitation Project, San Luis Obispo County, California (11/2019)
- Archaeologist, The Nature Conservancy – Hanson Visitor Enhancement Project, Santa Paula, California (11/2019)
- Archaeologist, Angeles National Forest – Plains Line 2000 Anomaly Repairs, Angeles National Forest, Los Angeles County, California (10/2019)
- Archaeologist, Southern California Gas Company – DIMP Project #54-353320 Anacapa/De La Guerra in Downtown Santa Barbara, Santa Barbara, California (10/2019)
- Archaeologist, City of Ventura Community Development Department – 3550 East Main Street Starbucks IS-MND, Ventura, California (10/2019)
- Archaeologist and Project Manager, Sun Village LLC – Lockwood Street Subdivision Project, Oxnard, California (10/2019)
- Archaeologist and Project Manager, Camarillo Sanitation District – North Pleasant Valley Groundwater Treatment Facility, Camarillo, California (09/2019)
- Archaeologist, 50LW 8ME LLC – Bellefield Solar Project, Mojave, California (10/2019)
- Archaeologist, California State University Channel Islands (CSUCI) – CSUCI Solar Farm Project, Camarillo, California (05/2019; 09/2019)
- Archaeologist, TY Lin International and California Department of Transportation, District 5 – San Ysidro Road U.S. 101 Interchange Project, Montecito, Santa Barbara County, California (09/2019)

- Archaeologist, Michael Baker International – Bob Hope Center Project, Burbank, California (09/2019)
- Archaeologist, City of Hayward – High Speed Fiber Optic Network Installation Project, Hayward, California (09/2019)
- Archaeologist, United Water Conservation District – Iron and Manganese Treatment Project, Santa Paula, California (09/2019)
- Archaeologist, LPA Design Studios – Campus Point Master Plan Project, San Diego, California (09/2019)
- Archaeologist, Bureau of Land Management (BLM) – BLM SF299 Taft Highway and Ash Street Regulator Station Project, Taft, California (08/2019)
- Archaeologist, City of Pismo Beach – Central Coast Blue Test Injection Well Project, Oceano, California (08/2019, 01/2020)
- Archaeologist, City of Lompoc – Santa Ynez River Bank Stabilization Project, Lompoc, California (08/2019)
- Archaeologist, Habitat for Humanity Ventura County – San Pedro Street Residential Project, Port Hueneme, California (08/2019)
- Archaeologist, City of Redondo Beach – 190th Street and Fisk Lane Condominium Project IS-MND, Redondo Beach, California (08/2019)
- Archaeologist, County of Alameda – Nike Site Demolition Project IS-MND, San Leandro, California (08/2019)
- Archaeologist, Southern California Gas Company – Pipeline Safety Enhancement Plan L225 Old Ridge Road Valve Automation Project, Angeles National Forest, California (08/2019)
- Archaeologist, Province Group, LLC and Newport Equities – LLC Cultural Resources Assessment for the Enclave Project 3039-3041 Cochran Avenue, Simi Valley, California (08/2019)
- Archaeologist, City of Carlsbad – Chick-fil-A I-5 and Palomar Airport Road FSU Project, Carlsbad, California (08/2019)
- Archaeologist, Southern California Gas Company (SoCalGas) – SoCalGas La Goleta Upwind Downwind Monitors Project, Goleta, California (07/2019)
- Archaeologist, California Department of Transportation, District 7 – SR-1 and SR-23 Woolsey Fire Repair Project, Los Angeles and Ventura Counties, California (04/2019, 06/2019-01/2020)
- Archaeologist, City of Berkeley Planning and Development Division – 2012 Berkeley Way Mixed-Use Project, Berkeley, California (07/2019)
- Archaeologist, Resources for Community Development – 16060 East 14th Street Affordable Housing Project, San Leandro, California (07/2019)

- Cultural Resource Specialist, Total Western Inc., Paramount, California (08/2018)
- Cultural Resource Specialist, Huntington Park, Huntington Park, California (08/2018)
- Archaeological Field Technician, Western Mojave Route Inventory Network, Kern and San Bernardino Counties, California (09/2016 – 06/2017)
- Archaeological Technician, Henry Cowell Redwoods State Park, Felton, California (10/2014 -05/2015)

VOLUNTEER WORK

- Santa Barbara Museum of Natural History Anthropology Department, City of Santa Barbara, County of Santa Barbara, California, 2016 & 2018.
- Archaeological Technician for the National Park Service at Henry Cowell Redwoods State Park, City of Felton, County of Santa Cruz, California, 2014 - 2015.
- University of California, Santa Cruz Archaeology Laboratories, City of Santa Cruz, County of Santa Cruz, California, 2014 – 2015.

EDUCATION/OUTREACH

- Assisted in Archaeological Resources Protection Act training conducted by the Department of the Interior, City of Barstow, San Bernardino County, California, 2018.
- Volunteered at Cronese Basin Archaeological Field School, San Bernardino County, California, 2017.
- Conducted archaeological education and outreach to highlight the importance of cultural preservation at the Desert Discovery Center, City of Barstow, County of San Bernardino, California, 2016.
- Provided OHV safety training and how to implement sustainable solutions for natural and cultural resource preservation, City of El Mirage, County of San Bernardino, California, 2016.
- Assisted the Anthropology Department at the Santa Barbara Museum of Natural History's Science on Site event, City of Santa Barbara, County of Santa Barbara, California, 2016.
- Assisted in a public lecture surrounding the findings of the Kildavie excavation, City of Dervaig, Isle of Mull, Scotland, 2014.
- Conducted site tours at the Kildavie excavation, City of Dervaig, Isle of Mull, Scotland, 2014.

Brianna Rotella

Archaeologist

Ms. Rotella has four years of academic and professional experience in archaeological fieldwork, research, and collections. She has worked primarily in the southern California region, with a research emphasis on coastal and Mission archaeology, with experience identifying, cataloging, and reporting on both pre-historic and historic cultural resources. Ms. Rotella's experience includes assisting in Phase I and Phase II testing programs, pedestrian surveys, conditions assessments, and monitoring various development projects in compliance with Section 106 of the National Historic Preservation Act, NEPA, and CEQA as they pertain to cultural resources. Ms. Rotella is familiar with Burn Area Emergency Response (BAER) protocol and worked with the National Park Service in the Santa Monica Mountains Recreation Area evaluating, salvaging, cleaning, and reaccessioning cultural resources and collections damaged in the Woolsey Fire. Her experience includes 1,000+ acres of surveys, site treatments, updating site records, and managing collection systems. Ms. Rotella has spent four years working with local museums and tribal members, both creating and facilitating educational programs focused on public archaeology, Chumash ethnobotany, and the importance of preserving both cultural resources and native landscapes.

SELECT PROJECT EXPERIENCE

Archaeological Experience

UCSB Field School Archaeological Technician, Mission La Purísima Concepción – Excavation and Analysis, Lompoc, California

Ms. Rotella assisted with the excavation of seven test units within the footprint of Chumash Family Apartments at Mission La Purisima. She established site grids, opened and closed test units, and assisted in the sorting and cataloguing of artifacts in both the field and the lab. Ms. Rotella produced sketch maps depicting stratigraphy and subtle soil changes in various test units and assisted in the mapping of collapsed roof-tiles and debris associated with Mission-era structures. Ms. Rotella processed field data and analyzed the assemblage of Spanish glass trade beads recovered, comparing the collection to previously recorded glass bead assemblages throughout Alta California. She has co-authored related research exploring the distribution of wealth within Mission-era neophyte communities and has presented on this research at conferences and local museums.

Principal Investigator: Kaitlin Brown, UCSB

Archaeological Field Tech, CSUCI – Historic Site Excavation, Camarillo, California

Ms. Rotella assisted with the excavation and mapping of a historic-period archaeological site featuring primarily glass bottles and metal fragments. She established site grids, opened and closed test units, and assisted in the sorting and cataloguing of artifacts in both the field and the lab. Ms. Rotella assisted Dr. Delaney in training students on lab protocols related to the cleaning, handling, identification, sorting, cataloguing, and storage of cultural materials.

Principal Investigator: Dr. Colleen Delaney, CSUCI

Archaeological Field Technician Intern, National Park Service – Various Projects, Santa Monica Mountains, California

- Conducted 500+ acres of pedestrian surveys throughout the Santa Monica Mountains National Recreational Area
- Recovery and re-identification of over 1,000 fire-affected artifacts, predominately lithics
- Experience photographing artifacts, completing DPR 523 forms, conducting site assessments and treatment plans
- Post-fire archaeological surveys, artifact recovery, BAER protocol, and site monitoring
- Experience collecting, cleaning, sorting, cataloging, and storing artifacts
- Digitizing museum collections and museum cataloging on Excel and ICMS

ADDITIONAL PROJECT EXPERIENCE

Archaeologist, Various Clients, San Luis Obispo, Santa Barbara, Ventura, and Los Angeles Counties, California

- Archaeologist, Southern California Gas Company Santa Barbara County Data Collection Unit Installs Archaeological Survey, San Luis Obispo and Santa Barbara Counties, CA (04/2021 – 08/2021)

- Archaeologist, West Ojai Pipeline Replacement Project Monitoring Report and DPR updates, Ojai, CA (05/2021)
- Archaeologist, Las Positas and Modoc Road Multiuse Pathway Project Phase I survey and CR Technical Report (05/2021)
- Archaeologist, Ontario Road Subdivision Project Monitoring Plan, Pismo Beach, CA (5/2021)
- Archaeologist, California State University Channel Islands (CSUCI) Solar Farm Project Phase I testing, monitoring, and monitoring report, Camarillo, CA (05/2019; 04/2021)
- Archaeologist, Pipeline Safety Enhancement Plan SL36-9-09 N Sec 5B Monitoring Report, Pismo Beach, CA (5/2021)
- Archaeologist, Chapin Cannabis Project IS-MND, Monterey, CA (04/2021)

- Archaeologist, Ocean Boulevard Improvement Project Caltrans Phase II Archaeological Evaluation Proposal, Pismo Beach, CA (04/2021)
- Archaeologist, Black Walnut Battery Energy Storage Project Archaeological Survey and Phase I testing, Santa Paula, CA (03/2021)
- Archaeologist, North Pleasant Valley Groundwater Treatment Facility Archaeological Monitoring, Camarillo, CA (12/2020)
- Archaeologist, Warmington Residential Project and Gateway Church Sanctuary Phase I testing, Agoura Hills, CA (12/2020)
- Archaeologist, SCG Emily & Summer Pipeline Installation Archaeological Monitoring, Ojai, CA (11/2020)
- Archaeologist, Rancho Sierra Apartments Project Phase I testing, Unincorporated Ventura County, CA (10/2020)
- Archaeologist, Lot #11, Tract #4483 - MariSol at Malibu Project Archaeological Monitoring, Malibu, CA (06/2020-9/2020)
- Archaeologist, C&T Thacher School Archaeological Monitoring, Ojai, CA (10/2019; 05/2020)
- Archaeological Field Technician, Road Replacement Project at Rancho Sierra Vista Archaeological Monitoring, Newbury Park, CA (03/2018)

ARCHAEOLOGICAL COLLECTIONS WORK

- NPS Santa Monica Mountains Recreation Area, Thousand Oaks, California
- Oakbrook Chumash Museum, Thousand Oaks, California
- Mission La Purísima Concepción, Lompoc, California
- UCSB Repository, Santa Barbara, California
- Museum of Ventura County, Ventura, California

AWARDS

- 2019 Graduated Cum Laude from CSUCI
- 2019 SAGE Student Research Conference Poster Winner
- 2018 to 2019 Student Research Funding Recipient
- 2018 to 2019 Gamma Sigma Phi Honor Society
- 2017 to 2018 American Association of University Women Scholarship Recipient

PUBLICATIONS/PRESENTATIONS

- Society for California Archaeology Presentation: "Contextualizing Spanish Glass Trade Beads from Mission La Purísima Concepción" (2021)
- Oakbrook Chumash Ethnobotanical Garden and related cultural work featured in the book *Under Western Skies: Visionary Gardens from the Rockies to the Pacific Coast* (2021)
- SAGE Student Research Conference Presentation: "Applied Ethnobotany: Creating an Educational Platform for Community Engagement" (2019)

Steven Treffers, MHP

ARCHITECTURAL HISTORIAN

Mr. Treffers is an architectural historian with Rincon's Cultural Resources Group. He holds a Master's degree in historic preservation from the University of Southern California, School of Architecture and meets and exceeds the Secretary of the Interior's Professional Qualification Standards for History and Architectural History. Having worked across California, Mr. Treffers has a wide range of experience with projects involving historic resources and requiring compliance with Section 106 of the NHPA, CEQA, and numerous local ordinances. He has direct experience with streetscape improvement projects supported by the Caltrans Local Assistance Program, including a number in Caltrans District 5. For these efforts, Mr. Treffers has managed and conducted historic resource surveys using the Caltrans Section 106 Programmatic Agreement, coordinated directly with Caltrans staff, and prepared HRERs, HPSRs, and Finding of Effect documents. Both professionally and as a former commissioner on the South Pasadena Cultural Heritage Commission, Mr. Treffers has also worked closely with design teams on projects involving alterations to historic resources to ensure compliance with SOI Standards and applicable design guidelines. As a result, he has extensive experience identifying character-defining features, reviewing architectural drawings, and collaborating with local governments, stakeholders, architects, and engineers to meet project objectives while retaining those elements that convey the reason for a historic resource's significance.
