2. State and justify the length of time the Energy Commission should keep the information or data confidential.

3(a). State the provision(s) of the Public Records Act (Gov. Code, § 6250 et seq.) or other law that allows the Energy Commission to keep the information or data confidential, and explain why the provision(s) apply to that material.

3(b). Discuss the public interest in nondisclosure of the material submitted for a confidential designation. If the material contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please state how it would be lost, the value of the information to the applicant and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.

4. State whether the information or data can be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

5. State how the material is kept confidential by the applicant and whether it has even been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.

I certify under penalty of perjury under the laws of the State of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.

Attachment 1

The material enclosed discloses differential advantages and use of efficient internal systems which allows CHEERS to provide its services more efficiently, more effectively, and of higher quality to its customers. CHEERS has spent hundreds of thousands of dollars in research and development creating these intellectual properties which are signature to the CHEERS brand. The ability for intellectual property and confidentiality allows CHEERS to invest the time and financial resources to invent and innovate with confidence it will be recuperated for its efforts. The material enclosed also discusses:

- Security practices on how CHEERS communicates on RAI (Request for Additional Information) #3 and #4
- Ensuring security on RAI #2 and FCQ (Follow-up/Clarification Question) #2, FCQ #3, and FCQ #4
- Storing information on FCQ #3, CQ #4

If this information were to be released, it could significantly harm CHEERS' ability to keep its user's and their information private.
